SEQUENCE AMENDMENT

Sir:

Applicants submit a Sequence Listing pursuant to the requirements set forth in 37 C.F.R. §§ 1.821-1.825, and respectfully request that the Sequence Listing be added to the end of the specification.

Submitted with this Sequence Amendment is a paper copy and a computer readable form (CFR) of the Sequence Listing. The nucleotide sequences disclosed in the specification may be found in computer readable form and are present in paper copy.

I hereby certify that this correspondence is being electronically submitted to the United States Patent and Trademark Office on August 24, 2009.

Application No. 10/570,125
Paper Dated: August 24, 2009
In Reply to USPTO Correspondence of February 24, 2009
Attorney Docket No. 4647-060533

Applicants hereby certify that the information recorded in computer readable form (CFR) supplied as file 060533.txt is identical to the electronically scanned copy (the paper copy) of the Sequence Listing. The material presented in computer readable form and the attached paper copy of the Sequence Listing are not new matter because these sequences are identical to those contained in the original application, as filed.

Applicants believe that the requirements of 37 C.F.R. §§ 1.821-1.825 have now been met.

Entry and approval of the Sequence Listing and examination are respectfully requested.

Respectfully submitted,
THE WEBB LAW FIRM
